

## HIGH SPEED INTERNET

### WHY CHOOSE OUR INTERNET?

Gosfield North's high-speed Internet provides instant access to the Internet at speeds up to 90 times faster than standard dial-up.

There is no need for a second phone line – you can talk on the phone and surf the net at the same time all on a single line.

Our service is “always on” – there is no need to wait for dial-up, and our packages have unlimited access per month.

Internet charges are competitively priced, and go on your regular phone bill. Patronage (rebate) is paid on Internet charges.

No contract is required, nor is a modem security deposit in most situations.

E-newsletter, News Group, Virus Guard (incoming mail only) and Spam Buster are included at no extra charge.

### INTERNET PACKAGES

**REQUIREMENTS**

The customer will need a NETWORK CARD (Ethernet or NIC card) installed in their computer, Windows 95/98/NT/XP operating system, and a phone line and jack within 6 ft. of the computer.

**INSTALLATION**

For any of the above packages we offer two choices for installation:

Do-it-yourself \$45.00 includes account set up, three phone filters (filters must be plugged in to all phones; extra filters are \$8.00 each).

If modem is rented or purchased from us (purchase price \$125.00), installation also includes the high speed modem, user guide (no disc), power supply, RJ45 ethernet cable and 7 foot phone cord.

We install \$75.00 includes house filter (replaces individual phone filters).

In signing up for this Internet service the customer agrees to abide by Gosfield North Communications' Internet Acceptable Use Policy, which can be found at [www.gosfieldtel.com](http://www.gosfieldtel.com).

**SUPPORT**

Help Line – Our Internet Support help line (519-839-6900) is available 24 hours a day, 7 days a week and is included at no extra charge.

**VIRUS GUARD AND SPAM BUSTER** – Internet packages also include Virus Guard (automatic updates to keep your system updated against the latest Virus and prevents spreading Virus-infected E-mail to your friends and colleagues for incoming E-mail only), and Spam Buster (a state of the art solution which will help reduce the amount of Spam or unsolicited bulk E-mail in your mailbox).

eNewsletter – Internet customers receive a monthly eNewsletter at no extra charge.
